

## **FREE Wireless Internet**

The Baxter M. Hood Center has upgraded our wireless Internet service to allow our clients easier access to our FREE hi-speed connection throughout the building. To connect to our wireless access point, simply scan for available networks and select **hcroam**.

Within a few seconds your wireless access card should detect all the necessary settings automatically and you will be able to use the Internet to check email, surf the web or log into your organization's VPN. If you have additional questions, please feel free to ask one of our staff to assist you.
